9. R1 Million professional installation guarantee
10. 110 branches nationwide

NEW HEALTHGUARD INSTALLATION Protects You and Your Loved Ones

Exclusive to Top Carpets and Floors, our Healthguard installation service offers lasting protection against microbes and allergens.

It involves careful removal of the old carpet to prevent microbes and allergens becoming airborne, debugging the bare floor using a high filtration vacuum cleaner and spraying with Bioguard Pro for long term removal of any latent microbes and allergens.

Spillguard waterproof underlay is then installed as a protective barrier against topical stains so the new carpet can be laid on a healthy foundation.

Change of Heart?

If you don't like the colour of the carpet you have chosen you can change it!

This guarantee, which applies to Belgotex, Constantia and Van Dyck residential ranges, allows you to change your carpet colour. You have 10 days from the date of installation to lodge your request for replacement with your Top Carpets and Floors dealer.

Terms and conditions apply.

Reach for Recovery

Supporting the fight
against Breast Cancer

Top Carpets supports a cause that resonates strongly with our customers: breast cancer. For every carpet that you purchase a percentage is donated to Reach for Recovery – a breast cancer support group.

Did you know that one in every 36 women has breast cancer? Reach for Recovery – a non-profit organization – provides support and information to breast cancer sufferers as well as educating the public regarding early detection, treatment and recovery.

R1 Million Installation Guarantee

For your total peace of mind we back up Top Carpets and Floors' carpet installations with a R1 Million professional guarantee, to cover any unmet promises and ensure 100% customer satisfaction.

Refer to your sales consultant for terms and conditions.
